# NetAsset—recent updates

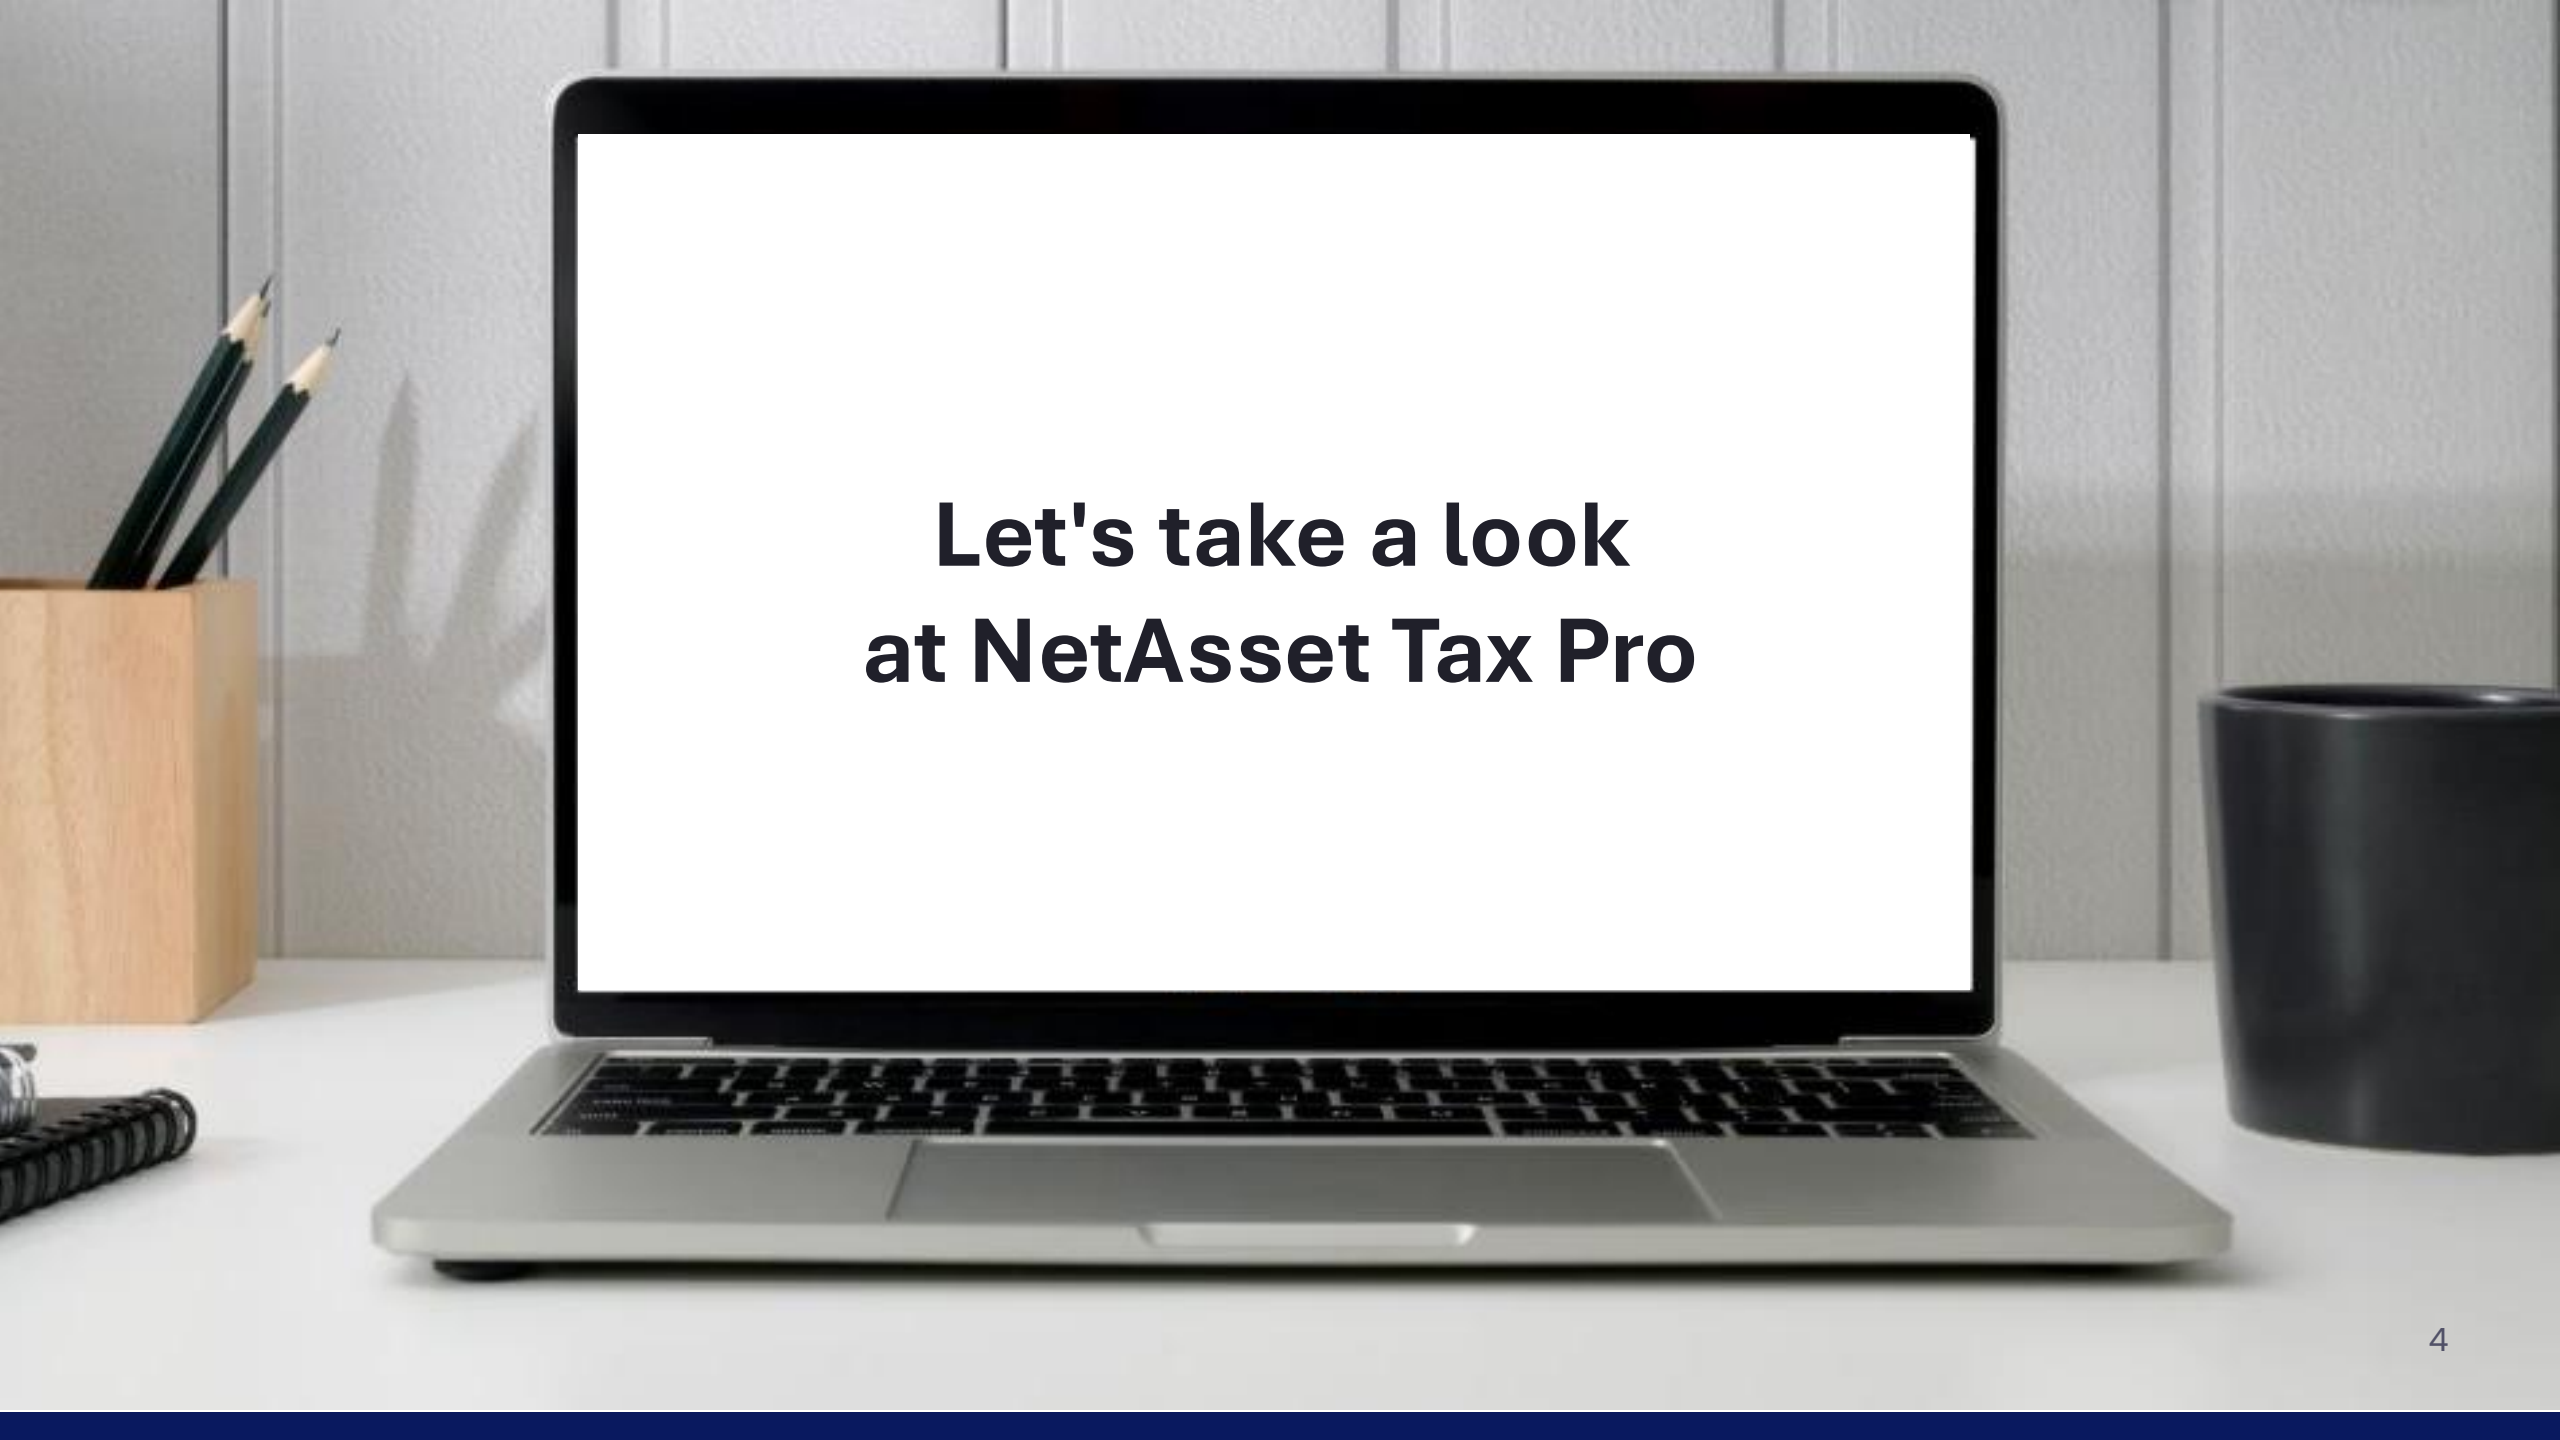

## You asked

- More customization
- Mass asset and transaction handling
- Additional tax functionality

## We delivered

- Advanced reporting
- Default asset values
- Hide asset types
- Mass build up
- Section 179 and 168 automation

A silver laptop is open on a white desk. The screen displays a white background with black text. To the left of the laptop is a wooden pencil holder with two green pencils. To the right is a black cup. In the bottom right corner of the image, the number '4' is visible.

**Let's take a look  
at NetAsset Tax Pro**

# NetAsset—What's next on the roadmap?

## Additional segments

Ability to add up to 8  
(currently 4) segments

## Asset management

Maintenance module  
similar to Contract  
Provisions in NetLease

## Mass revaluations and disposals

Bulk revalue/dispose  
assets via csv upload

# Hot tips

- Reset MFA for users quickly
- Update leases in bulk
- Duplicate leases
- Deactivate and reactivate users
- Contract provisions and AI lease abstraction

A silver laptop is open on a white desk. The screen displays a white slide with black text. To the left of the laptop is a wooden pencil holder with two pencils. To the right is a dark grey cup. The background is a light grey wall with vertical lines.
